LIGHTNING'S ANTICS.

There was a severe electrical storm
in this section Wednesday last.

At the farm of Hinde & Baker, at
the Forks of Elkhorn, two valuable
thoroughbred mares, who had taken
refuge under a large tree, were killed
by a stroke of lightning.

In this city a tree in the yard of Dr.
H. S. Keller, on Clinton street, was
struck by the fluid, and adjacent resi-
dents were badly shocked.

An electric motor at the Kentucky
Penitentiary was knocked out of busi-
ness, by a shock, for some time.

The fuses on an electric car, near
the power house, were burned out and
the car disabled until the motorman
could replace them.

A laborer on a ditch, on Holmes
street, had his pick struck by the
fluid, and was considerably shocked,
taking to his heels as soon as he re-
covered.

An engineer at the New Capitol
was standing near his engine, with
his hand on a guy wire, when he was
knocked down, and considerably shak-
en up.

These are the particulars of a few
of the occurrences, which made things
lively for a while.

The discharges were more in the
nature of cannonading than an ordi-
nary storm.

POWERS' TRIAL.

The fourth trial of Caleb Powers,
charged with being accessory to the
assassination of William Goebel, has
been set by Judge J. E. Robbins, the
special judge, for Monday, July 29.

It is hardly probable that the case
will be tried at that time, the errors
committed by the judge at the former
trial were so palpable that the Court
of Appeals were forced to reverse, and
it is thought he will be sworn off the
bench.

TRACTION LINE MUST BE COM- PLETED SOON.

Frankfort and Versailles Line Com-
pletion Ordered by September
First.

Orders have been issued to the en-
gineers building the interurban line
between Frankfort and Versailles to
have it in operation by September 1.
These orders are believed to have
come as a result of the visit a few
days ago of President J. Levering
Jones, and a number of other high
traction company officials.

In order to put the work through
with dispatch, which will be neces-
sary to comply with the orders, the

force of men who are employed in
preparing the roadway for the track-
age will be greatly increased. Many
new gangs will be put to work at
once and be hustled right along with
the preparations.

It was feared for some time that
delay would be caused with the or-
ders for rails, but this has been al-
ready eliminated and word has been
received from the steel works that
deliveries will be made promptly and
on time.

There is but little more grading and
road making to be done, and it will
be but a short time until track laying
will begin.—Lexington Herald, June
8th.

SHINGLES

We have just unloaded a car of Cedar
Shingles, and will have two cars of

REMARKABLE RESCUE.

That truth is stranger than fiction,
has once more been demonstrated
in the little town of Fedora, Tenn.,
the residence of C. T. Pepper. He
writes: "I was in bed, entirely dis-
abled with hemorrhages of the lungs
and throat. Doctors failed to help
me, and all hope had fled when I be-
gan taking Dr. King's New Discovery.
Then instant relief came. The cough-
ing soon ceased; the bleeding dim-
ished rapidly, and in three weeks I
was able to go to work." Guaranteed
for coughs and colds. 50c, and \$1.00
bottles at all druggists. Trial bottle

ly ordained to the ministry and called

ville, has been appointed by the Pres-
byterian Board of Foreign Missions,

ed young minister, and his many
friends in his home town, while re-
gretting his leaving Kentucky, will re-
joice at his appointment to carry the
good news of salvation to the far
away land of his choice.

Harsh physics react, weaken the

APPOINTED CANVASSER.

Mr. Charles D. Wills, of Lexington,
has been appointed as canvasser and
sub-agent of the Prudential Life Asso-
ciation, in this city. He may be found
in the same office as heretofore used
by the company, on the Ann street
side of the Capital Hotel. It had been
rumored that this office would be
closed. This is a mistake.

THE MAGIC NO. 3.

Number three is a wonderful mas-
cot for Geo. H. Parris, of Cedar
Grove, Me., according to a letter
which reads: "After suffering much
with liver and kidney trouble, and
becoming greatly discouraged by the
failure to find relief, I tried Electric
Bitters, and as a result I am a well
man today. The first bottle relieved
and three bottles completely the
cure." Guaranteed best remedy for
stomach, liver and kidney troubles,
by all druggists. 50 cents.

FARMER'S

HOME ENDORSEMENT.

Hundreds of Frankfort Citizens Can Tell You All About It.

Home endorsement, the public expression of Frankfort people, should be evidence beyond dispute for every Frankfort reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in faraway places. Read the following:

Mrs. Lou Johnson, of 325 Todd street, Frankfort, Ky., says: "Or and on, for a good many years, I have suffered with a heavy dull aching pain over the kidneys and cross the small of my back, the pain running up my spine and becoming very severe on the least exertion. There was also a weakness of the kidneys which produced an irregular, scalding and excessive condition of the secretions. I was treated by doctors constantly, but their medicine failed to help me in the least. My condition became so serious that I realized the necessity of some immediate relief. About this time, a neighbor spoke so highly of Doan's Kidney Pills that I could not but believe they had merit. My daughter procured a box for me at J. W. Gayle's drug store and after giving the remedy a good, fair trial, I can now conscientiously recommend them very highly as they certainly do all that is claimed for them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Mr. Thomason has the supervision of the Bessemer Fire Brick Plant, one of the biggest concerns in this bustling city. He has made good right along, and is a fine young man. His friends here are rejoiced at his success.

Following its policy of making the Blue Grass Fair, at Lexington, in truth as well as in name a fair representative of the whole of Central Kentucky, an Advisory Board, composed of gentlemen from all the counties of Central Kentucky, has been appointed. These men are ex-officio directors of the Fair Association, and, in addition to them, the counties of Woodford, Clark, Madison, Montgomery, Bourbon, Anderson, Mercer, Jefferson, Jessamine, Harrison and Scott are represented, either on the regular Board of Directors or on some of the department committees of the Fair.

The following Advisory Board from the Blue Grass counties was also appointed: R. L. Lillard, Anderson; Cole Bascom, Bath; J. M. Hall, Bourbon; A. E. Hundley, Boyle; B. F. Metcalfe, Bracken; Judge J. M. Benton, Clark; Morris Fleming, Fleming; Albert Jefferson, Franklin; M. Young, Fayette; J. I. Hamilton, Garrard; J. W. Cromwell, Harrison; C. C. Glass, Jessamine; Samuel T. Harris, Lincoln; M. F. HE FIRED THE STICK.

"I have fired the walking stick. I've carried over 40 years, on account of a sore that resisted every kind of treatment, until I tried Buckle's Arnica Salve; that has healed the sore and made me a happy man," writes John Garrett, of North Mills, N. MY BEST FRIEND.

Alexander Benton, who lives on Rural Route 1, Port Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of incipient consumption for my son's wife. The first bottle ended the terrible cough, and this accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's Discovery's power over coughs and colds is simply marvelous." No other remedy has ever equaled it. Fully guaranteed by all druggists. 50c and \$1.00. Trial bottle free.

STREET CAR ACCIDENT.

A narrow escape from instant death occurred to Mrs. Virginia Duval, on Tuesday morning. It seems that Mrs. Duval was driving along Second street in her buggy, when a street car came along, and without warning she drove on the track almost in front of the rapidly moving car. Before the motorman could stop the car, which he tried in vain to do, the car struck the buggy squarely, smashing it to kindling wood, but, strange to say, Mrs. Duval, although considerably shaken up and bruised, was not seriously hurt.

It is supposed that Mrs. Duval, who is a very old lady, did not hear the motorman's gong (which he was sounding right along) and thus caused the accident.

This is the second time within the last few weeks that Mrs. Duval's buggy has been damaged by collision with a street car.

It was simply marvelous that she was not instantly killed, as the body of her buggy was set flat on the street.

A FORTUNATE TEXAN.

Mr. E. W. Goodloe, of 107 St. Louis St., Dallas, Tex., says: "In the past year I have become acquainted with Dr. King's Life Pills, and no laxative I ever before tried so effectively disposes of malaria and biliousness. They don't grind nor gripe. 25 cents at all drug stores."

A NARROW ESCAPE.

G. W. Cloyd, a merchant, of Plunk, Mo., had a narrow escape four years ago, when he ran a limousin bur into his thumb. He says: "The doctor wanted to amputate it but I would not consent. I bought a box of Buckle's Arnica Salve and that cured the dangerous wound." 25c at all druggists.

[Written for the Roundabout.]
FACE TO FACE WITH NATURE.

So natural it is to the human heart to fix itself in the possession of hope, to look forward to the "what is expected," with a serenity and joy at once pronounced and individual. The child is buoyed by the innocence of its little life, the youth by the virtue of trusting faith, the middle-aged calm and patient from long experience.

The old person content to do all of the humbler, more serious problems but full of a sense of justice at the hands of God.

Could it have been best the all devastation of historic birth; the future scattering of a much beloved and connected community; the dissipation of wealth; the final close to a family interest, absolute and altogether forgotten in the whirlpool of money power. The little spot of ground sacred to a precious memory, once beautiful in white panel fencing, flowers and touch stone, lose no semblance to either care or familiarity.

The very face of thing were changed beyond recognition, the tree under which she was sleeping was broken like the gravestone. The once delightful cliff side where wild blossoms and raspberries grew had been shorn of both treasures; the ground plowed, and ugly barbed wire interposed its length in every direction. Pig pens and sheep folds were in evidence, and the new owners must have lost knowledge of "somebody's darling sleeping there."

We look beyond the grave of all our buried hopes, across the old ruins typical of life, our eyes resting upon the Elkhorn where little breadths of meadow between us, half overgrown with thickets, deserted with a hardly traceable footpath struggling for existence beneath the rocks.

Once it was a scene of busy, bustling, manufacturing interest but today "the river ripples and eddies and murmurs in an utter solitude."

It has passed through the midst of a thickly peopled country, but to us never was a stream more lonely. Like ourselves it has made no new companions.

"It flows on in an infinite seclusion, neither secret nor threatening, but a broad space of tender and deep desolation. Dropped into repose, out of the midst of human labor and life—alone!"

Deep down in the dense blue grass we found our Getsemane, and looked our last upon the spot where hope and love had perished.

The village of the once famous "Steadmantown" is a question of the past. Only one or two of the 12 or 14 tenement houses are left to tell the story of forgotten greatness.

The empty, silent grist-mill seems a skeleton of memory; no longer does the water wheel turn the grist.

The flour and meal ground at "Eben Steadman's mill" was as worthy a mill as was ever stamped on a sack or barrel. And he, the miller, as grand and noble a character as ever lived in Kentucky.

The old paper mill was established in 1834, or least remodeled and fitted for making paper by hand.

Eben and Sam Steadman (brothers) owned about all the real estate in the neighborhood, and were wealthy in other particulars. In 1863 the order for paper on which to print Confederate bank notes was given this firm, but Mr. U. S. said: "Not much."

Wells of gas, too, are to be found here, and the finest rock for lime making in the world.

If 'tis true that history repeats it

self, this deserted village will rise some day from the ashes of its past, and shine with a virtue reflected from the candles of a beautiful beneficence.

The horse had fared well in our absence.

"The scene from the top of the hill was full of a quiet sadness. Across the creek, the "old homestead" in its seclusion and peace no longer opened welcome—its doors—it, too, had passed into stranger hands.

Down the pike to the station, the name of which is not even on the card of the railroad time table, and the obliging official of the "Midland," seeing our wayside waiting, kindly stopped the train and we bade farewell to the village of "Steadmantown."

GOES TO WEST POINT.

W. A. Runyan came home Tuesday to spend the week with his father and mother, before leaving for West Point, N. Y., where he will enter the U. S. Military School, having been appointed cadet from this congressional district by Congressman Rucker. Walter took his examination at Fort Leavenworth, Kansas, before a commission of army officers, and says that the physical examination as a means of torture is equal to the old rack, and is like being drawn and quartered. However, in a class of eighteen he stood at the head and has good cause to feel elated. He has been ordered to report at West Point on or before June 15th, which will necessitate his leaving here from the 10th to 12th. We congratulate Walter on his good luck and trust that he may make a successful army officer. So far as we can recall Mr. Runyan is the first citizen of Carroll county to attend West Point, and as Norborne is his place of residence every citizen here is glad to see him honored.—Norborne (Mo.) Democrat.

The young man referred to is the son of Mr. Wm. T. Runyan, formerly of this city, and is a nephew of Mrs. A. Duane Brown, of this city.

ATTENTION, REPUBLICANS.

The Republicans of Franklin county are hereby called to assemble in mass convention, at the courthouse, Frankfort, Ky., on Saturday, June 15, 1907, at 1:30 p. m., standard time, to select delegates to the State Convention, to be held in Louisville, on Wednesday, June 19, 1907, for the purpose of nominating candidates for Governor, Lieutenant Governor, Attorney General, Auditor, Treasurer, Secretary of State, Superintendent of Public Instruction, Commissioner Agriculture, Labor and Statistics, and Clerk of the Court of Appeals, to be voted for at the November election, 1907.

By order of Franklin County Republican Committee, June 3, 1907.

Prize List Issued, Setting Forth Classification and Rich Premiums for Blue Grass Fair.

Despite a monetary loss due to rainy weather last year, the Directors of the Blue Grass Fair have agreed upon a premium list carrying even larger value than that offered in 1906. The premiums given will amount to nearly thirty thousand dollars.

The classifications have been so arranged that there can be no possible confusion on the part of exhibitors and judges. Breeding and show classes have been entirely separated. For each, liberal appropriations have been made, and different judges will preside in the different exhibitions. A preliminary prize, list, setting forth in full all the classifications for live stock, has just been issued. It is pronounced the best prize list ever issued by any fair association in America, not excepting the largest and most prominent State

fairs. Copies of it will be mailed to all prospective exhibitors upon request to Bennett Shouse, Secretary, Lexington, Ky.

FLAG FORK.

The refreshing rains of the past two weeks have made such a prolonged tobacco season I think that the tobacco men will get their crops set if their plants hold out.

The cut worms are cutting some of their tobacco.

Mr. R. T. Flood has opened up a studio at this place and makes some very fine pictures. Call, boys, and get your likeness and be pleased. Mr. Flood is a prominent gentleman and is an undertaker and carpenter of this town, as well as a photographer.

Mr. and Mrs. J. B. Nash have at last gone to housekeeping. Mrs. Nash has purchased a new carpet. They will have to arise earlier the coming week to make it. They have also tried Mr. Flood's camera and found the pictures to be very pretty.

Rev. C. M. Benight was the guest of Mrs. Eudora North, Saturday and Sunday. He is pastor of Pleasant Ridge Baptist Church. His regular services are on the 2nd and 4th Sundays in each month. Every one invited. May God add his blessings to the church.

I think Miss Hulett, Miss Slattery and Miss North were disappointed on account of the rain as they did not get to attend church on Sunday evening.

Those Those arriving on the train leaving Louisville at 7:50 will have an hour and a half in Versailles. The Commercial Club earnestly hopes that as many as possible will arrive on the early train. STAMPING GROUND.

Mr. R. S. Sprake visited friends in Bourbon and Harrison counties last week.

Birth—June 2d, to Mr. E. T. Oldham and wife (nee Tucker), a son—Edward Tucker.

Miss Beatrice Duvall, of Cincinnati, is on her vacation at her father's, Mr. J. W. Duvall.

Mr. J. G. Blanton was hurriedly called to Erlanger by a serious accident to his brother, Mr. Hal Blanton—a horse having fallen on him. Mr. Blanton is still unconscious and in a serious condition.

Prof. Jas. B. Sprake, instructor in the electrical department of the University of Iowa, is at home on a vacation. Prof. Sprake has accepted a position with the Allis Chambers Electric Co., of Milwaukee, and will enter on his new duties July 1st.

Owing to the heavy rain of Tuesday night many fields of corn and tobacco have been badly washed. However, there has been good weather for setting out tobacco, and many of our farmers have completed their work in this line.

The storm was accompanied by a wonderful electrical display.

Jaws

Tightly Locked From Nervous Spasms.

Physicians Could Not Prevent Fits.

Dr. Miles' Nervine Cured My Wife.

Dr. Miles' Nervine has been successfully tried in thousands of cases of nervous disorders, but never has it made a better record than when used in the treatment of fits or spasms. Thousands of testimonials prove this, and in nearly every instance the writer has stated that the fits ceased after the first dose of Nervine was given. The statement is repeated in the following:

"Seven years ago my wife commenced having spasms or fits and I called in my home physician and he said she was paralyzed. He rubbed her with salt water and gave her calomel and she eventually got some better, but in a short time she had another attack. She was confined to her bed for three months and the doctor could not help her. She had fits frequently, some times very severe. Her hands would clasp so we could not open them and she finally got so her jaws would become locked. Finally I saw the doctor was doing her no good and ordered a bottle of Dr. Miles' Restorative Nervine. She received so much benefit from the first bottle that I got some more. She has taken a number of bottles but has never had a fit since taking the first one. She also thinks very highly of Dr. Miles' Nerve and Liver Pills and is never without them. If there is any way of making this testimonial stronger do so because of the good the Dr. Miles Restorative Nervine did my wife."—Wm. J. Allen, F. M., Elkville, Miss.

GOOD NEWS FOR TWO CITIES.

By reference to an article in another column taken from the Lexington Herald, it may be seen that the owners of the Frankfort and Versailles Interurban Railroad have issued orders to have the force of hands at work on that line increased so as to have the road completed to Versailles by September 1st.

The principal trouble heretofore has been the inability to obtain the rails. That trouble has now been obviated and the road will be rushed to completion.

GRADYVILLE HORROR.

On Friday night last, shortly before 11 o'clock, a waterspout struck Gradyville, Adair county, when a wall of water fourteen or fifteen feet high came down a small stream, which runs through the town, destroying everything in its path, washing away stores, houses, stables, in fact everything, and snuffing out the lives of 21 men, women and children in a few minutes time.

The family of State Senator L. C. Neil, a cousin of Mrs. E. M. Neil, of this city, was wiped out of existence, his wife and four children being drowned. Luckily for him he was away on a visit to a patient and escaped.

Several other families were similarly afflicted.

In addition to the terrible loss of life the property loss was over \$75,000.

Gradyville was a prosperous little town of some 300 inhabitants. And where was once a stirring little town is now a horrible pile of wrecked homes. The buildings were some of them washed three and four miles from their former locations, and the bodies of the drowned were carried even farther. The body of one son of Dr. Neil was found in a tree more than fourteen feet from the ground.

Altogether it was one of the most terrible calamities that ever visited that section of Kentucky, and in proportion to population, the most destructive ever known in Kentucky.

The heart sickens at the recital of the horrors of the scene.

"BLOW" AT JETTS.

On Monday afternoon, for a short while, the little village of "Jetts" and the territory adjacent, were visited by a storm that almost reached the dimensions of tornado. The wind, which was one of the heaviest ever experienced there, looked as if it would destroy everything in its wake, but, luckily, no damage, to amount to anything, was done. The rain fell in torrents after the wind subsided.

THE HIGHLAND RAILROAD RUSHING THINGS.

The building of the Highland Railroad from this city to Versailles will be rapidly pushed from now on. Quite a number of hands and teams have been secured and are on the ground, and the work of grading will be under way in a few days.

NEW WARDEN AT PEN.

Mr. George P. Chinn, of Harrodsburg, was appointed Warden of the Frankfort Penitentiary by the State Prison Board on Monday.

Mr. Chinn is a son of Col. Jack P. Chinn and a brother of Mr. J. Morgan Chinn, Clerk of the Court of Appeals.

He has served as sheriff of Mercer county.

BIG CROWD TO CINCINNATI.

There was a big crowd went from this city to Cincinnati, on Sunday last, over the F. & C. and Q. & C. Railways. Three coaches were packed full of people. The return train reached this city at 1 a. m. Monday morning.

SIX MIDDIES AND CREW OF FIVE SAILORS LOST IN HAMPTON ROADS.

A launch from the U. S. S. Minnesota, containing six midshipmen and five sailors, returning from an entertainment at Jamestown, on Monday night, were run down by a tug, towing a coal barge, and sunk. There was a severe storm raging and the tarpaulin sides were fastened down very tight, thus preventing the escape of those on board the launch.

Owing to the darkness and the storm the two boats did not see each other.

The midshipmen were fine young fellows, prominent in their several States.

AIR SHIP ASCENTS.

Will be Made Daily Feature of The Blue Grass Fair at Lexington, August 12-17.

If the plans of the management of the Blue Grass Fair go through the people of Central Kentucky will be given the opportunity to see the greatest air ship performance that has been put on in America. The management is now negotiating with Mr. Roy Rabinsue, of Toledo, Ohio, to bring his big air ship to Lexington for the week of the Blue Grass Fair, August 12th to 17th, to make daily ascents. Mr. Knabshue is the original air-ship man. It was he who made the only successful flights made during the World's Fair at St. Louis. Not only has he the best airships in existence, but he manages them with such skill that he frequently leaves the vicinity in which his exhibition is being given and makes visits to points of interest in various sections of the city, returning to the grounds at pleasure.

There is no question but that this will be the greatest amusement feature ever offered the people of Central Kentucky.

It will give them the opportunity to see one of the most wonderful inventions of modern times in full operation, and also to inspect what may be at close range as often as they may care to do so.

Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weakness and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional endorsement of efficacy as this famous medicine. It is the only medicine of ordinary non-professional reputation. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle wrapper and attested under oath. In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It will often prevent them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing are invited to consult Doctor Pierce's Favorite Prescription. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y. Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 one-cent stamps for paper-covered, or 11 stamps for cloth-bound copy. Address as above.

Buy Furniture

Economically.

Extravagance consists in buying the wrong thing at the wrong price.

Economy consists in buying the right thing at the right price.

If you are truly economical you will not buy furniture merely because it is cheap. It should be bought—first for its appropriateness—and second, for its durability.

It will give us pleasure to show you our present offerings in fine and medium priced furniture—the sort that is both appropriate and durable. And we shall also be glad to tell you of our liberal partial payment plan—a little at a time, as your income permits.

The International Sunday-School Association has set apart Sunday, June 30, as the day for the consideration of the question "The temperance lesson of the second quarter to be used as Anti-Cigarette Day, when the evils and dangers of the cigarette habit shall be taught. Pledge-signing recommended."

The terrible ravages made among young men and boys by this awful habit demand earnest consideration.

RECRUITS PASS THROUGH THIS CITY.

RAIZER-HARROD—Announcement is made of the approaching marriage of Mr. Geo. H. Raizer, of Houston, Texas, and Miss Cora Mae Harrod, which will take place at the residence of the bride's father, Mr. John S. Harrod, on Tuesday afternoon, June 18. Rev. Dr. M. B. Adams will perform the ceremony, and the young people will leave at once for their home in the Lone Star State.

Mr. Raizer is a fine young business man. His bride-to-be is the handsome daughter of Mr. John S. Harrod, and graduated from the City High School on Tuesday night last.

RICHARDSON-THOMPSON—In Nashville, Tenn., on Wednesday, Mr. Nat F. Richardson, Jr., and Miss Emily Thompson were married.

Mr. Richardson is the son of Mr. N. F. Richardson, Sr., and is a fine young fellow. His bride is said to be one of Nashville's sweetest and most attractive girls.

The happy couple are guests of the groom's parents near this city.

ROBERTS-HIEATT—At Bridgeport, on Thursday evening, Mr. Walter A. Roberts, of Huntington, W. Va., and Miss Lena Hieatt were married by Rev. C. R. Hudson, of the Christian Church.

Mr. Roberts is the oldest son of Mr. E. J. Roberts, of this office, and has been an employee of ours since boyhood until recently. He is a natural mechanic and an industrious young man. His bride is the daughter of Mr. B. L. Hieatt, and is beloved by all who know her for her gentle and amiable character.

We wish them all the good things of this life.

RUNAWAY HORSE.

On Tuesday night, about 8:30 o'clock, a horse, with the harness on it, became frightened, dashed down St. Clair street, towards the old Capital grounds, ran against the iron fence and was thrown back and down hard. It then jumped up and dashed up Broadway until it reached the corner of Lewis, when it ran against the wall of Kadin's restaurant and fell. It then jumped again to its feet and kept on the run until it reached the livery stable of Mr. Bowman Gaines, at the corner of Lewis and Clinton streets, where it ran in.

We could not learn to whom the animal belonged. It must have been pretty badly bungled up.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional. Dr. Shoop's Night Cure is the local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The Night Cure, as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, raises nervous strength, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—asa general tonic to the system. For positive local help, use as well

Class Address
Rev. Carter Helm Jones
Every member of the class who took part in the exercises, acquitted themselves in a very creditable manner.

The address of Rev. Dr. Carter Helm Jones, of Louisville, was a master piece of oratory. He took as his theme "Culture," subdividing into four heads—Its Meaning; Its Menace; Its Might; and Its Mission. He handled it in such a plain and luminous style that the youngest person present could not fail to be impressed with the great importance, in these strenuous days, of the very highest culture attainable.

At the conclusion of Dr. Jones' address, Superintendent H. C. McKee presented diplomas of graduation to the following young people: LeRoy Choate, Nannie Lester Duncan, Hazel May Evans, Cora Mae Harrod, Sarah Howell, Lida Hubbard, Ruth Beauchamp Kennedy, Drucilla Hamilton Kernen, Estella McKendrick Netherton, Edmond Power, Jr., Birdie Ray, Webster Salyers, Elizabeth Ewing Sargent, Louise Ummethun, Mabel Weathers.

The honor graduates are Elizabeth E. Sargent, Birdie Ray, Estelle McK. Netherton and Louise Ummethun. The benediction was pronounced by Rev. C. R. Hudson, of the Christian Church.

Thus closed one of the most successful years in the history of our splendid High School.

A FAMOUS REMEDY

"I cured MY cough with German Syrup." He wrote to Dr. G. G. Green: "As true as I tell you, doctor dear, I'm feeling finer than ever I've been."

"The poor consumptive should not be the victim of experiment, as he often is, but the moment the dread disease manifests its presence he should be given Dr. Shoop's German Syrup—a pure, non-alcoholic medicine that is made specially for the cure of consumption, and has a worldwide fame as a certain remedy for catarrh, colds, coughs, croup, sore throat and all bronchial affections in old and young. It is sold in all civilized countries, and has been famous as a consumption cure for almost half a century." Trial bottle, 25c. Big bottle, 75c. At all druggists throughout the world.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Address me, Dr. Shoop, Racine, Wis. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath, or complexion, use Dr. Shoop's Restorative. Write for my free Book on Dr. Shoop's Restorative. SOME FACTS ABOUT PLACES OF ENTERTAINMENT AT JAMESTOWN EXPOSITION.

It has been said that the chances of those who may visit the Jamestown Exposition for entertainment while there, are of the poorest sort.

The management of the Exposition, to show the falsity of these statements, has issued a booklet of over seventy pages, giving the names of places where entertainment may be had, together with the charges for the same, which shows that there are over 1,000 hotels, lodging and boarding houses, with the capacity of each and the rates.

These places can accommodate over 60,000 people. Their rates are also lower than that of any former exposition.

A spirit of fair play would dictate that an investigation of these facts should be made by all those contemplating a journey to the Exposition.

GRIEVOUS LOSS BY FIRE AT VERSAILLES.

The new Logan-Helm Public Library, at Versailles, was destroyed by fire, with all its contents, on Thursday morning early.

The loss was about \$40,000, with only \$23,000 insurance.

It was almost miraculous that the loss was not greater, situated as it was.
